

WEBSITE COMPLETION, PAYMENT, AND TRANSFER AGREEMENT

This Website Completion, Payment, and Transfer Agreement ("Agreement") is entered into as of July 18, 2026 ("Effective Date") between:

Website Provider:

Kate Baldwin / Baldwin & Co.

Referred to as the "Provider"

and

Client:

Tonio's Seafood Shack & Tiki Bar

Legal Business Name: _____

Authorized Representative: _____

Referred to as the "Client"

1. Purpose

The Provider has designed and developed a customized website and website-management system for the Client.

This Agreement confirms the final website price, payment schedule, website turnover, dashboard access, remaining revisions, ownership, and project-completion terms.

2. Total Price and Payment Schedule

The total agreed price for the completed website is: **\$2,300.00**

The following payment is due upon signing:

- **\$1,000.00 cash**
- **\$300.00 Tonio's gift card**

The gift card will be accepted at its full face value as part of the website payment.

The remaining balance of **\$1,000.00** must be paid in full on or before **September 15, 2026**. Payment may be made earlier without penalty.

3. Website Turnover and Dashboard Access

After receiving the initial payment of \$1,000.00 cash and the \$300.00 gift card, the Provider will:

- Connect or transfer the website to the Client's designated domain or URL
- Provide access to the website-management dashboard
- Provide reasonable login and publishing instructions
- Complete the remaining revisions included under this Agreement
- Confirm that the primary website pages and management tools are functioning

The website-management dashboard is located at:

<https://tonios.sanity.studio>

No coding is required for routine updates. Published changes will generally appear on the live website shortly after publication, subject to normal hosting and third-party processing.

4. Client-Managed Website Features

The Client or an authorized team member, including Manny, may independently manage:

- Menus, including item names, descriptions, prices, availability, categories, and display order
- Daily specials
- Fresh Catch Board information
- Live music and event listings
- Musician profiles
- Music and event calendar entries
- Newsletter and VIP signups
- Existing website text and announcements
- Photo-gallery images
- Restaurant hours, address, contact information, and social-media links

The dashboard permits updates to existing website content and features. It does not permit the Client to redesign the website, create new page structures, or add custom functionality without additional development work.

5. Remaining Revisions

The Provider will complete reasonable revisions that remain consistent with the website's existing design, structure, and functionality.

Included revisions must be completed on or before **September 15, 2026**.

The Client must provide one consolidated list of final requested changes no later than **September 1, 2026**, along with any required:

- Menu information and prices
- Text and business details
- Photographs
- Musician and event information
- Schedules
- Approvals
- Account access or login credentials

Included revisions may cover existing wording, supplied photographs, menu information, specials, events, musician information, buttons, links, and existing website sections.

Delays in providing required materials or approvals may affect the Provider's ability to complete the requested revisions by September 15, 2026.

6. Work Not Included

The \$2,300.00 price does not include:

- A complete website redesign
- New custom pages outside the existing structure
- New third-party integrations
- Reservation, ordering, or point-of-sale software
- Paid advertising
- Social-media management
- Professional photography or videography
- Logo design
- Extensive new copywriting
- Email-marketing campaigns
- Ongoing maintenance or support after September 15, 2026
- Repairs required because of third-party platform or service changes

Additional work requires a separate written agreement and may involve an additional fee.

7. Website Acceptance and Ownership

The Client acknowledges that it has reviewed the website and accepts its overall design, branding, page structure, content organization, menu system, specials system, Fresh Catch Board, musician profiles, live-music system, calendar, photo gallery, and management dashboard, subject to the remaining revisions described in this Agreement.

The Client will receive operational dashboard access and domain connection after the initial payment is received.

Ownership of the final custom website content and custom work created specifically for the Client will transfer after the full \$2,300.00 price has been paid.

The Provider retains ownership of general development methods, reusable code, reusable design systems, templates, processes, technical knowledge, and materials not created exclusively for the Client.

Third-party software, platforms, fonts, plugins, photographs, and licensed materials remain subject to their respective owners' terms and licenses.

8. Third-Party Services and Expenses

The website may rely on third-party services, including Sanity, domain-registration companies, hosting or deployment services, newsletter services, social-media platforms, analytics tools, and map services.

Any current or future third-party fees are separate from the \$2,300.00 website price and are the Client's responsibility.

The Provider is not responsible for third-party pricing changes, outages, discontinued services, account suspensions, service limitations, or policy changes.

9. Final Payment and Project Completion

The remaining balance of \$1,000.00 is due no later than September 15, 2026.

The included revision and support period ends on that date. Afterward, the Client may continue using the dashboard to make routine updates independently.

Additional design, development, troubleshooting, training, content entry, maintenance, or support requested after September 15, 2026, requires a separate agreement and may require an additional fee.

If the remaining balance is not paid when due, the Provider may pause revisions, training, support, or other services until the account is paid in full.

10. No Guarantee of Business Results

The Provider does not guarantee increased sales, website traffic, search-engine rankings, social-media growth, newsletter participation, event attendance, reservations, or any other financial or business result.

The Provider's responsibility is limited to delivering the website and management capabilities described in this Agreement.

11. General Terms

This Agreement contains the complete understanding between the parties concerning the website price, payment schedule, turnover, dashboard access, revisions, ownership, and completion of the project.

It replaces prior verbal discussions, text messages, emails, proposals, and informal payment arrangements concerning these matters.

Any amendment must be made in writing and accepted by both parties.

This Agreement is governed by the laws of the State of Florida.

Electronic signatures, scanned signatures, photographed copies, and separately signed counterparts will be treated as valid executed copies.

SIGNATURES

By signing below, the parties confirm that they have read, understood, and accepted this Agreement.

WEBSITE PROVIDER
